ORP

Tailored Dispersing Elements for Astronomical Optical Spectrograph

Funded by the European Union's Horizon
2020 research and innovation programme
under grant agreement No 101004719.

In the ORP project, there is the possibility to develop VPHG based dispersing elements for observing facilities. This workshop intends to show this possibility and pave the way for the design and manufacturing of them.

PROGRAM (CEST time)

- 9:30 – 9:45: Introduction Opticon Radionet Pilot – ORP
- 9:45 – 10:00: Introduction JA3
- 10:00 – 10:15: VPHG activity: introduction and methodology
- 10:15 – 10:45: Technical capabilities
- 10:45 – 11:00: Coffee Break
- 11:00 – 12:15: Facilities presentation
